RUTLAND

LOCATION—Rutland, known as "The Marble City," is located midway of the State north and south. It is about 15 miles from the western boundary and has many of the characteristics of the great neighboring State of New York. Distances as follows to important eastern points: New York 235 miles, Boston 167, Montreal 176, Philadelphia 325, Baltimore 420, Burlington 68, Montpelier 66, Bellows Falls 51, Glens Falls 50, Bennington 57, North Adams 77, Schenectady 95, Ogdensburg 224, St. Johnsbury 106, Brattleboro 77.

TOPOGRAPHY—Probably no important city in New England has so grand a setting as Rutland. The city lies among picturesque lakes and streams, the encircling mountains are near, yet far enough away to give plenty of building room and the broad valley running north and south for many miles is one of the beauty spots of America. Noted mountain peaks of the Green Mountain and Taconic ranges can be seen from high parts of the city. The highest peak visible is Mt. Killington, over 4,000 feet. City is 600 feet above sea level. Contains land area of 5,335 acres, water area of 100 acres.

HISTORICAL—The history of Rutland vies with any city in the land for interest. It was settled in 1761, and by 1774 there were 35 families. In common with all frontier settlements it suffered from the depredations of the Indians, and also from the Colonial and Indian Wars. Probably named after Rutland, Massachusetts, because the first grantee of the charter for township was a John Murray from that town. Incorporated a city in 1892.

WEBSTER Says:

PRINTING (*ing*), n. the art or act of impressing figures or characters on paper, etc.

WE Say:

GOOD PRINTING consists of the art of impressing figures or characters on paper PLUS setting it in the proper type and proper style, carefully reading proof, having the impressions clear and even, using good quality ink and paper, and following the job through until the customer is satisfied that he has the best quality obtainable for the money he has spent.

YOU Will Say:

after you have examined our work carefully that it does pay in dollars and cents to have ALL your printing done where New England Craftsmanship is at its best, where intelligent supervision is given every job, and where there is a guarantee that if the job is not right in every respect it will be made so.

When You Place Your Ad in the City Directory

You are not only talking to all persons looking for goods in your line, but you are backing up all the other advertising you are doing or have done. Many times every day people are looking you up in the directory who have seen your advertisement elsewhere. The representation in the directory is your closing argument—should it be WEAK? We believe there is only one business answer to this.

EVERY CITY

must have a Directory not only to give the names and addresses of its citizens, but also to give that character of progressiveness that would record the name of its people for historical purposes. Every one has forefathers, these forefathers have made the history of this country, some day you will be the forefather and your descendants can visualize your life's work quicker through the registration in the Directory of your time than in any other way. The BIOGRAPHICAL HISTORY OF THE MASSES IS CONTAINED IN THE CITY DIRECTORY AND NO OTHER PLACE. That stamps its importance to the family. To make your history, watch your directory registration to see that it accurately records your position in life from year to year.

ADVERTISING COSTS MONEY

One of the stock alibis of persons who do not advertise or register their business strongly in the Directory is that advertising is an expense.

Of course it is. So is window trimming, lighting, heating telephone service, postage, rent, cost accounting, price tags and almost everything else that helps to sell merchandise or service.

Yet no business man attempts to get along without these necessities. And most of them are advertising in one form or another.

Attractive windows are effective advertising only to those who pass the merchants' place of business. An inviting interior, good lighting arrangement and price tags reach only those who come through the door.

But no merchant who wants to maintain even his present volume of business, to say nothing of increasing it, can hope to continue for very long, in the face of advertised competition, without some aggressive program to attract NEW customers—and when getting them also serving them with a directory handy for use.

Of course it costs money to advertise. But it may easily cost more money to lose that volume of business which is necessary to operate at a profit.

When You Place Your Ad in the City Directory

You are not only talking to all persons looking for goods in your line, but you are backing up all the other advertising you are doing or have done. Many times every day people are looking you up in the directory who have seen your advertisement elsewhere. The representation in the directory is your closing argument—should it be WEAK? We believe there is only one business answer to this.
